January 12, 2012

IN REPLY REFER TO  
HDA-CA

Mr. Malcolm Dougherty  
California Department of Transportation  
1120 N Street  
Sacramento, CA 95814

Dear Mr. Dougherty:

I am writing in response to the December 27, 2011, letter from Robert Copp requesting a determination that the California Manual on Uniform Traffic Control Devices for Streets and Highways (CA MUTCD) be found to be in substantial conformance with the national Manual on Uniform Traffic Control Devices for Streets and Highways, 2009 Edition (2009 MUTCD).

In December 2009, The Federal Highway Administration published the 2009 MUTCD, which became effective on January 15, 2010. As required by 23 CFR 655.603, the State of California must revise the CA MUTCD to be in substantial conformance with the 2009 MUTCD. Our office has reviewed the proposed revisions to the CA MUTCD, to be published on January 13, 2012, and we find it to be in substantial conformance with the 2009 MUTCD.

We commend the effort of Caltrans to address a number of issues that have lead to this determination of substantial conformance. We look forward to continuing to work with Caltrans, local agencies, and the California Traffic Control Devices Committee in the future to continuously improve the quality of the CA MUTCD and implement traffic control devices that will enhance the safety of the state's roadways.

Should you have questions, please do not hesitate to contact Steve Pyburn, Senior Transportation Engineer, at (916) 498-5057 or [steve.pyburn@dot.gov](mailto:steve.pyburn@dot.gov).

Sincerely,

For  
Vincent P. Mammano  
Division Administrator
