RE: Proposal to Amend California Code of Regulations Title 21, Division 2,
Chapter 16: Compatibility Specifications for Automatic Vehicle Identification
Equipment

Dear Mr. Hancock,

We are submitting an additional comment on the proposed regulation:

For references to CTOC in Sections 1700.3, 1701.2, 1705.2 and 11706.1 — Would these references in the proposed revisions to Title 21 turn CTOC into a “state body,” as that term is defined in Government Code Section 11121, and subject it to the Bagley-Keene Open Meeting Act?

Thank you for your consideration.

Respectfully,

California Toll Operators Committee
